Behind the Seams

Well Stocked

With 5000 square feet of warehousing, we can store enough fabric to cover 2 uniform issues and all additional orders.

What's your **Vision**

If you can conceptualise it –
our design team can create it.

Garment shell **VS** Measuring tape

Fit

to be tied

Our method of fitting using actual garment shells has proven more effective than the use of a measuring tape.

The **Plot** Thickens

Our innovativeness and attention to accuracy makes Janouras the leading garment manufacturer regionally - **TEARING** the competitors to pieces.

Cutting

Edge Technology

Computerized cutting equipment allows for added precision

Look **Sharp**

Janouras boasts of more than 100 of the most skilled machine operators our region has to offer.

Focus

Quality control takes place at every stage of production.

We make it look

EASY!

EASY WEAR, EASY CARE

once industrially steam pressed, polyester
suiting holds its shape perfectly.
No ironing required!

Think

outside the box!

Special delivery to your doorstep...
We work with you to determine
the best shipping service to suit
your needs.

Sharp Suiting

Effective seam and dart detailing gives you the perfect shape.

Team Work

Sleek

Mandarin

A woman with dark brown hair and a bright smile stands in a modern, brightly lit interior. She is wearing a grey tuxedo jacket with a black shawl collar and a matching grey skirt suit. Underneath the jacket, she wears a vibrant teal top. Her hands are resting on her hips. The background features yellow and grey architectural elements, including a large whiteboard and a modern yellow and white chair.

Commandments

of STYLE

GM

Headline

1. Shirt sleeves should go no more than half-inch past your wrist when you're standing with your arms to your side.
2. Your tie knot should always conceal the collar band behind it. If it doesn't, it's tied too loosely.
3. Your tie should hit your waistband/belt buckle.
4. Pants should be a medium break, hitting midway between the top of your dress shoe and the top of your shoe sole.
5. Dress shoes are appropriate for the office. Avoid casual footwear.
6. White socks are not suitable for corporate wear. Socks should match your pants.
7. Your belt and shoes should match.
8. Navy is the most flexible suit colour you can buy. Followed closely by charcoal and medium grey.
9. An undershirt is recommended to preserve the life of your dress shirts.
10. Do not allow heavy cologne to over-power your appearance.
