DESIGNER'S LETTER

BRINGING SOPHISTICATED BACK!

We have added a new twist on the traditional. Features once considered retro have been incorporated into our range in unique ways. The use of pleats, pin tucks and belts play an important role in adding that special touch and individual flair to classic pieces. Attention to detail is at the forefront of our new collection – unusual seam and stitch work challenge the norm and creates an edgy look. Your corporate appearance will be improved with the use of interesting and creative colour combinations. Contrasting brights with muted tones helps to add originality to your wardrobe and creates an outstanding brand. Also apparent is the use of modern trends adapted specifically for career wear such as high-waisted skirts and waistband details on trousers. Dare to be different – our line of inner blouses carry distinct necklines that flatter and enhance the appearance; intensifying an otherwise ordinary look. Work with us to reinvent your corporate identity – let our originality and unsurpassed quality be the inspiration for your uniform.

Island Affair

Our headquarters may be in Port of Spain but our uniforms are seen throughout the Caribbean. Our designs outfit the working men and women of several major organizations regionally. The natural beauty and vibrancy of the Caribbean has inspired our unique colour palettes and original creations. We appreciate the support of our large extended family in making us the number one choice within the Caribbean!

A woman with long dark hair, wearing a white long-sleeved button-down blouse with cuffed sleeves and a grey high-waisted knee-length skirt, is standing on a wooden bridge. She is wearing a dark grey fedora hat and is smiling while adjusting it with her right hand. The bridge has a green metal railing. In the background, there are colorful buildings in shades of yellow, green, and blue, and a green street lamp. The sky is blue with some clouds.

Boost that boring boardroom look!

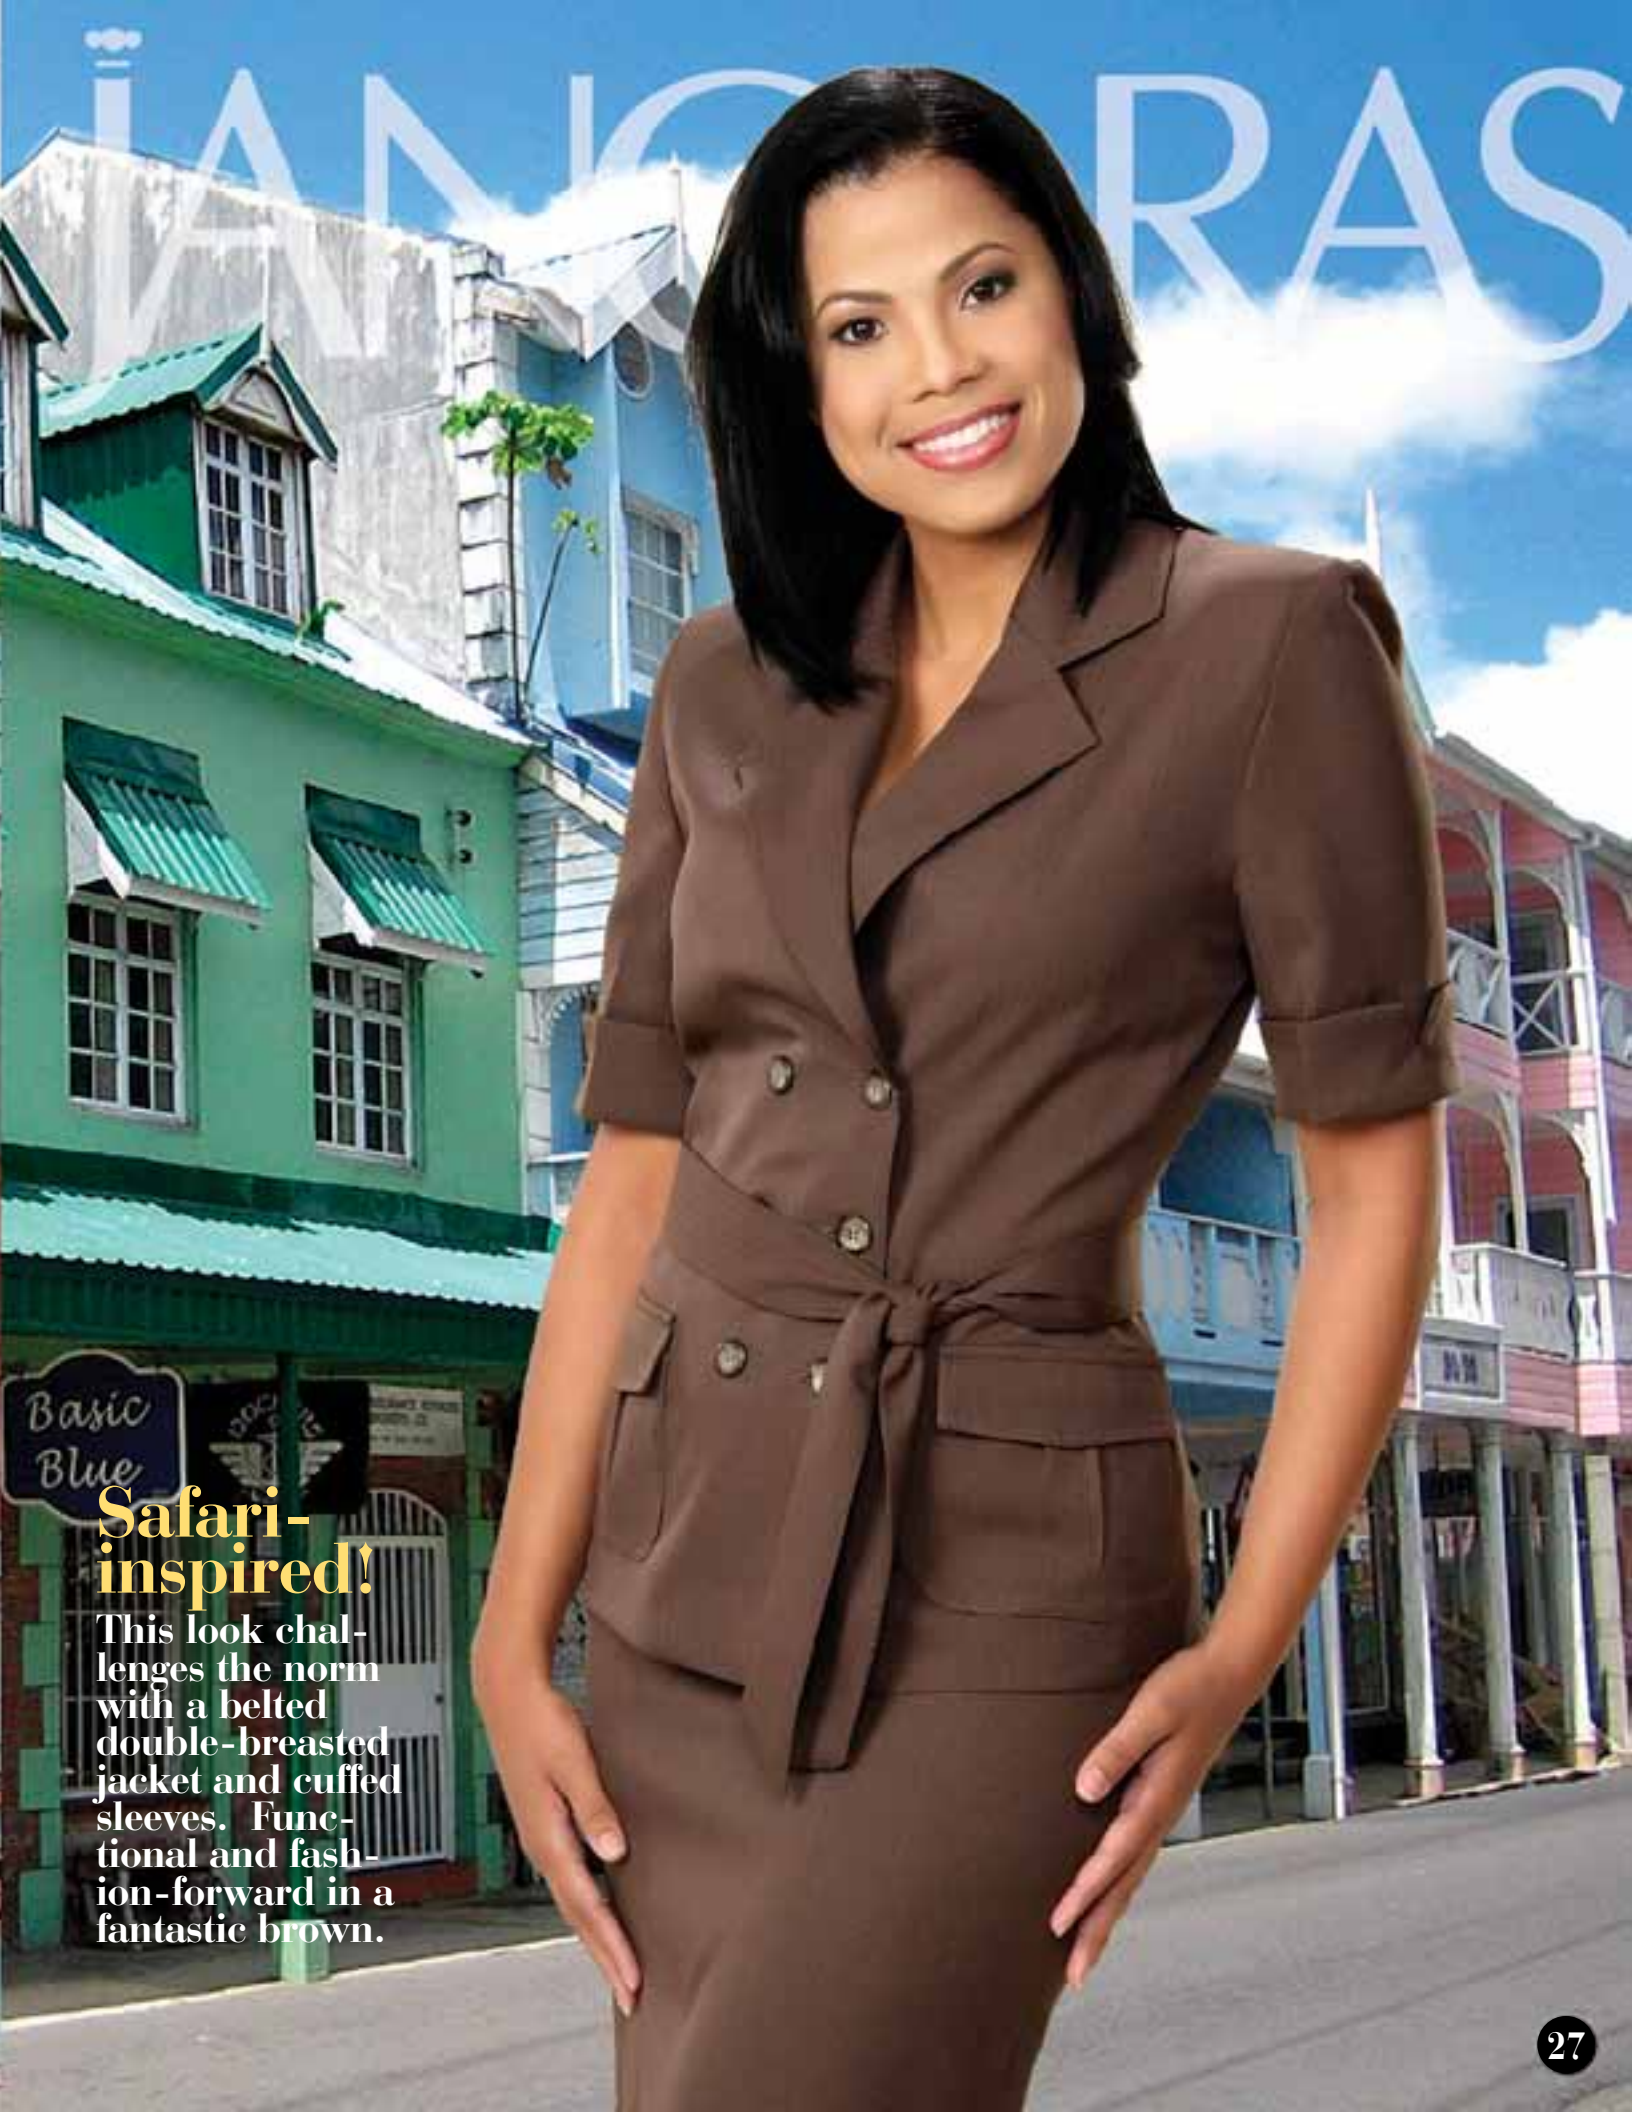

Bright beautiful suiting as seen in this 3-piece jacket and skirt combination can add that special touch. Note the interesting button and pocket details.

Visually vivid!

Add a stripe or print to the mix and create a look that stands out. The striped inner blouse compliments this 3-button red jacket.

Safari-inspired!

This look challenges the norm with a belted double-breasted jacket and cuffed sleeves. Functional and fashion-forward in a fantastic brown.

Casual Caribbean

Maintain that professional appearance while the week winds down with a corporate casual option from Janouras Custom Design Limited. Avoid the frumpy t-shirts and jeans on a Friday – keep your staff uniformed and confident in an elegant casual blouse. Reinvent your look for the end-of-the-week while promoting your brand and corporate appearance.
